

Living Springs Camp

Living Springs Camp is nestled in 180 beautiful acres of wooded hills and open grasslands in southeastern Jefferson County, Missouri. The camp gets its name from several large continuously flowing springs found on the property.

Since 1971, Living Springs Camp has used the beauty of God's creation as the perfect setting for relaxation, recreation, and learning. On these campgrounds, we offer exciting summer camp experiences for our campers with Junior and Teen Camps.

The purpose of Living Springs Camp is to provide a unique outdoor experience where campers can enjoy a program that encourages them to take the next step in their physical, social, and most importantly, spiritual life.

The staff of Living Springs Camp is dedicated to leading boys and girls to Jesus Christ and training them to serve Him, all to the glory of God.

Dear Parents and Youth Leaders,

We are very excited about Living Springs Camp's second Survival Camp! I envision this camp to expand in number as word of mouth from both the instructors and the campers gets out. It is a much-needed training for the future leaders in the United States of America.

The campers will be guided by expert instructors in basic survival skills and techniques. These men and women are not only highly-qualified trained professionals, but they also have strong Christian testimonies and are godly role-models for our young people to follow. I am honored that they have joined our team.

We encourage young people from 13-19 years of age to come and enjoy this time together. Parents are also encouraged to come alongside their teen. I want each young person to feel like they can ask questions and gain knowledge in a skill that will take them from electronic gadgets to a craft/skill that will enable them to be more involved in activity.

If you have any further questions, please do not hesitate to contact us.
